\* Total yearly tuition fees are the *sum* of a *fixed part* (€ 493,90 in 2014/15) and the *variable part* reported in the Table, that depends on your economic condition. The latter is described by “ISEE”, and considers your total family income, real and financial assets, possible mortgages, number of family members, and other particular conditions. Foreign students are treated in a different way.

For more details see: <http://www.unipv.eu/site/home/matricole2014/documento6562.html> (Italian)  
<http://www.unipv.eu/site/home/matricole2014/documento6599.html> (English)

\*\* This reduction is limited to first-year students.
